

# LEGAL PERSONHOOD?

**80 years of  
personhood.**

**The struggle  
continues...**

Over 3 million Canadian children have been killed by abortion since 1969. (Statistics Canada)

**Under Canadian law, unborn children are not recognized as legal persons and can be killed by abortion throughout the entire nine months of pregnancy.**

**Isn't it time we recognized the rights of all of our citizens?**

**We call on the government to establish personhood legislation.**
